- *Other Activity.*

## **CHIEF EXECUTIVE'S MESSAGE**

***Hon'ble CEO Mr.A.B. Shinde***

After spending the years with Amrutvahini, I feel very privileged to be writing this message as the chief executive officer. This is a special time in our Sanstha's history as we publish our third edition of newsletter. We began our journey 1983, and have spent the past decade continuing to build our brand, which has now become synonymous with our commitment to helping our students share knowledge and create innovation.

Looking ahead, we are focused on accelerating the execution of our growth strategy while continuing to build on the strength of our brand—in helping to share knowledge and create innovation and in bringing positive change to the communities in which we work and live. I am incredibly excited about this journey and truly believe the best of institute is to come.

Our goal for every student is to position them for success. We aim to help our students become strong, critical thinkers and to deliver high quality instruction in reading, writing, and mathematics. We also seek to enrich the learning environment by ensuring that our students have access to content learning in the areas of social studies and science. In addition to this, we work to develop the "whole child" through our character education program. Our outcomes for student behavior are clear: Be Safe, Be Respectful, and Be Responsible. We work to ensure our students understand that they are priceless.

## **PRINCIPAL'S MESSAGE**

***Hon'ble Principal Prof. Dhumal V.B***

I am pleased to inform you that the Amrutvahini Polytechnic, Sangamner is publishing its Newsletter. I am confident that this Newsletter will be of great help to all technical institutes in Maharashtra.

We are continuously making a great contribution and improvement in the field of Technical Education. It would be the endeavour of the Newsletter to keep the students, parents and the leaders of industry informed and to create awareness of the newly arising needs of the society and the different market forces. It will also help in furtherance of industry-institute interaction with college institute to search the talents and fulfil their demands. The Newsletter will also contain various informative articles on management techniques, self-improvement and trends in Technical Education. In this Newsletter students will be given separate space and it is expected that they make good use of the space for airing their views on issues of interest and suggesting ways of improving Technical Education. I appeal to all those concerned with Technical Education to contribute to the Newsletter and through it for conferment of quality Technical Education. I am confident that this Newsletter will contribute immensely and I convey my best wishes to the Amrutvahini Polytechnic, Sangamner for successful launching of this Newsletter.

# MEDHA – A GRAND CULTURAL EVENT

4<sup>TH</sup> -06 JAN, 2018

The focus of the 2018 World Summit on Arts and Culture, will be on **Cultural Leadership in the 21<sup>st</sup> Century**. The arts and culture can be considered to be at a crossroads – faced with many challenges and opportunities at the global, national and local level such as: the impact of new technologies on the production and distribution of cultural goods and services; threats to global security

new patterns of migration; changing contexts at the national level including austerity measures and continuous requests for reform; aspirations from artists and culture operators to extend their impact and outreach to other sectors, while also struggling to guarantee freedom of expression and ensure cultural diversity.

This idea came in mind of Mrs. Sharayu Deshmukh & Mr. Rajvardhan Thorat. By using this theme a programme organised named as MEDHA-2018. MEDHA has showcased the talents of the best in arts, dramatics, song, dance and literature, among other fields. With a wide range of events and performances, Medha promises to be a fun experience, where you aren't just a part of the audience. You're the reason we exist.

*Inaugural function by Mr. Balasaheb Thorat, Mrs. Sharayutai Deshmukh & other respective dignitaries*

*Dip prajwalan ceremony by honourable dignitaries.*

*Hon'ble Shri Balasaheb Thorat Guiding to students.*

*One moment in Medha-18 – presenting rope malla-khamb.*

One moment in Medha-18 – singing song

One moment in Medha-18 – presenting group dance.

Facilitation of Mr. Abhijit Pawar by Mr. Balasaheb Thorat in the presence of Mrs. Kanchantai Thorat, Mrs. Sharayutai Deshmukh, Mr. Rajvardhan Thorat & other Hon'ble dignitaries.

One moment in Medha-18 - presenting drama.

Besides the big gamut of vivid cultures on display, there would be keynote addresses by luminaries, an interactive leadership forum, and an inter-faith meet to boost humanitarianism, guided meditations, and musical and dance performances.

The grand spectacle will witness a multitude of dancers, musicians, religious leaders, eminent personalities and people from all walks of life come together to celebrate our enormous diversity and we would love you to be a part of it.

Spread over a venue of 5 acres and expected to be attended by 10000 students from of Amrutvahini Sanstha's seven institutes. This Culture Festival will be one of the biggest cultural gatherings in the recent times.

One moment in Medha-18 – presenting Yoga

# TREE PLANTATION

01-07JULY, 2018

## DANDAKARANYA

**"The Dandakaranya Movement is today one of the most significant movements in post-independent India."**

**Bhausaheb Thorat 12 Jan 1924-14 Mar 2010**

**Pioneer**

**(Dandakaranya –The Green Movement)**

### Inspiration:

Everyone is fond of reading. But, there are very few people who absorb the teachings in a book & bring them into practice. Bhausaheb Thorat is an ideal member of this minority.

Dada came across a book "The Man Who Planted Trees"

Amrutvahini Sheti & Shikshan Vikas Sanstha's arranged Dandakaranya 2016 activity for planting trees in various places .AVP college also gets contribute for planting trees on date 01July,16 to 07 July,2016.

The huge area was literally covered with thousands of volunteers, villagers College student, teaching & Non-Teaching staff. The project was launched to the tune of a light rainfall, brisk breeze & the sound of temple bells. Work went on throughout the day. All had brought their own implements & lunch boxes. Many were strangers to each other, but at lunch time, people freely exchanged food from their lunch boxes. Mahatma Gandhi's maxim, "Change of work is rest" was being amply demonstrate.

The response was echoed everywhere. Seed planting programmes took place on various hill tops, slopes & wherever possible. The Green Army soldiers returned to barracks after having planted almost 45

million seeds over 28,000 acres. This is a classic example of how organized people power, when properly guided, can perform miracles

**Tree Plantation by Hon'ble CEO Mr. Anil Shinde & Principal Prof. V.B.Dhumal & Prof. Prof. B.L. Kulkarni, Prof. G.B .Kale with student**

**Tree plantation area besides the Polytechnic & girls hostel.**

## MSBTE SPONSERED CAREER FAIR PROGRAM

**07-09 JAN, 2018.**

Convey to students a spirit of excitement about this event. Selecting all or some of the activities Related with students. For more ideas, visit to schools. Discuss with students the intended outcomes for your career event, including:

1. Knowledge of personal characteristics, interests, aptitudes, and skills
  2. Awareness of and respect for the diversity of the world of work
  3. Understanding of the relationship between school performance and future choices
  4. Understanding of personal goal-setting and decision-making patterns and attitudes
- Encourage students to research careers that interest them.
  - If possible, provide students with a list of presenters so students can research presenters' careers prior to event.
  - Prepare students to come to the career event prepared with questions for presenters.
  - Invite parents to attend.

So MSBTE giving a chance to take career fair at our region.

We take career fair in schools from various taluka's such as Sangamner, Akole, Rahata, Rahuri & Newasa.

**Dip-prajwalan ceremony by Prof. Sanjaykumar Pagare, Asst. Director-R.O. Nashik, Prof. V.B. Dhumal, Principal, Prof. M.W. Ingole, HOD-Mech.**

**Prof. Ingole M.W. felicitate Prof. Dattatray Arote**

**Students of career fair-2018**

## **“GRAM SWACHATA ABHIYAN”**

### **27<sup>th</sup> AUG, 2017.**

**Cleanliness** is both the abstract state of being clean and free from dirt and the habit of achieving and maintaining that state. Cleanliness is often achieved through cleaning.

Cleanliness may imply a moral quality, as indicated by the aphorism cleanliness is next to godliness and may be regarded as contributing to other ideals such as health and beauty.

In emphasizing an ongoing procedure or set of habits for the purpose of maintenance and prevention, the concept of cleanliness differs from purity, which is a physical, moral, or ritual state of freedom from pollutants. Whereas purity is usually a quality of an individual or substance, cleanliness has a social dimension, or implies a system of interactions. "Cleanliness," observed Jacob Burckhardt, "is indispensable to our modern notion of social perfection. A household or workplace may be said to exhibit cleanliness, but not ordinarily purity; cleanliness also would be a characteristic of the people who maintain cleanness or prevent dirtying.

On a practical level, cleanliness is thus related to hygiene and disease prevention. Washing is one way of achieving physical cleanliness, usually with water and often some kind of soap or detergent. Cleaning procedures are of the utmost importance in many forms of manufacturing.

As an assertion of moral superiority or respectability, cleanliness has played a role in establishing cultural values in relation to social class, humanitarianism, and cultural imperialism

Cleanliness is linked with proper hygiene. A person who is said to be clean usually depicts cleanliness. This very helpful in student's life, hence we arrange & conduct cleaning schedules by students in each department for increasing awareness of students.

## ***“SOCIAL AWARENESS – BLOOD DONATION CAMP”***

***14<sup>th</sup> JAN, 2018***

You can be certain that when you give blood, you are really making a difference to someone's life. Blood is vital to life and, for many people, blood donors are their lifeline. Currently, only 1 in 30 Australians gives blood, but 1 in 3 Australians will need blood in their lifetime.

Every type of blood is important. Because type O is the most common blood type, it is also the most needed. Type O negative is particularly valuable because, in certain emergency situations, it can be used when the patient's blood type is unknown. The graph below shows the 8 primary blood groups and percentage of the Indian population in each group.

The program was held *Vivekananda seminar hall* on Date: 14/01/2018, on 11am onwards arranged by Mechanical Engineering Dept.

Civil engineering department organise Blood Donation camp on 14<sup>th</sup> Jan, 2018, at 8.00AM onwards. Students were involved in the program. Students created organise blood donation, eye donation, save girl child, etc. & with help of this gave information to the people around the above said area.

Inauguration ceremony by Adv. R.B. Sonawane & Mrs. Sharayutai Deshmukh, CEO Mr. A.B. Shinde in presence of Principal Prof. V.B. Dhumal, other dignitaries.

***Blood Donation Camp on the occasion of  
Shri. Sahakarmaharshi B.S. Thorat (DADA) Jayanti.***

***Hon'ble Principal felicitate Mrs. Sharayutai Deshmukh***

***Students & staff donating blood***

# STAFF TRAINING PROGRAM

**14<sup>TH</sup> DEC, 2017 & 24<sup>TH</sup> FEB, 2018**

Each lecture invites you to learn in a new context, in new ways, gaining perspectives that shape the way you engage with the automobile world. Each lecture is as demanding as it is rewarding, resulting from the commitment of faculty and, in some cases, collaboration with industrial researchers from Toyota, Nissan, and Mitsubishi. Unlike many study opportunities content updating program is led exclusively by faculty, ensuring the same quality education that students encounter on their own campus

Content updating programme take faculty to top level “A drop of sweat from his forehead fell onto the sodium and before we knew what was happened there was a violent explosion” Latest Advanced Technology and Tasks in Automobile Engineering etc. are all drops of intellectual understanding and self-perception of faculty.

Current Trends in Engineering and the Industry and Market, Observation and Evaluation of Behaviour Perspective, Materials and Processing, Movements and Control for diploma faculty to top level.

The purpose of this program was gaining knowledge to design, prototype and build, fully autonomous students, capable of following predesigned path, marked on a surface using insulation tape. A full record of the developmental

Faculty of different department attending the one days training in Swami Vivekananda hall.

Work was to be kept and provided as evidence of the development of program.

## **ENTERPRENUERSHIP DEVELOPMENT PROGRAM**

**31 AUG - 01 SEP 2017**

The concept of an entrepreneur is refined when principles and terms from a business, managerial, and personal perspective are considered. In almost all of the definitions of entrepreneurship, there is agreement that we are talking about a kind of behavior that includes:

- initiative taking,
- the organizing and reorganizing of social and economic mechanisms to turn resources and situations to practical account and
- Acceptance of risk or failure.

To an economist, an entrepreneur is one who brings resources, labor, materials, and other assets into combinations that make their value greater than before, and also one who introduces changes, innovations, and a new order. To a psychologist, such a person is typically driven by certain forces; the need to obtain or attain something, to experiment, to accomplish, or perhaps to escape the authority of others. To one businessman, an entrepreneur appears as a threat, an aggressive competitor, whereas to another businessman the same entrepreneur may be an ally, a source of supply, a customer, or someone who creates wealth for others, as well as finds better ways to utilize resources, reduce waste, and produce jobs. For these purpose Amrutvahini organizing Entrepreneurship development program.

*Mr.Sunil Chandak who is proprietor of Udyog Vardhini Sanstha, Nashik conducted guest lecture to develop business strategy in the students & required qualities to start certain business*

*Mr sunil Chandak delivering a lecture to students*

*Mr.Hemant S. Patil a professional motivational trainer communicates with students.*

# STATE LEVEL TECHNICAL PAPER PRESENTATION CONDUCTED BY E&TC DEPT.

14 SEPT, 2017

Giving a presentation is a great opportunity to share your knowledge and experience with other people. Public speaking can be daunting, but practice and preparation can minimize many of these anxieties. To give your best presentation, start by understanding the organizer's expectations in terms of time and content. Organize your seminar as a series of talking points, intermixed with interesting visuals. Project your confidence as a speaker by maintaining eye contact, watching your body language, and speaking clearly. Taking this concept we conclude to organise paper presentation in E& department which sponsored by MSBTE.

Prof. Dhumal sir giving honour to 2<sup>nd</sup> winner group

## **BLIND 'C' COMPETITION ORGANISED BY IT DEPT.**

**27<sup>th</sup> FEB, 2018**

Theoretical and practical knowledge needed to set up, develop and deliver an exhibition project. Aim of this project exhibition to organize in electronics & telecommunication department to build students participation on Managing an exhibition, project developing and running education and learning services, communicating through text and images, working with consultants, Project self-evaluation. The organisation of these exhibitions envisages that children and teachers would try to analyse all aspects of human endeavour with a view to identify where and how the new researches and developments in science and technology can bring and sustain progress of society leading to improvement for the challenges of life. The organisation of science, mathematics and environment exhibitions also provide opportunities to all participating students, teachers and visitors to get acquainted with different kind of equipment, devices and techniques. This exercise enables the students and teachers to generate scientific ideas for addressing various problems of the society and environment.

Blind 'C' Competition Event was organized and Conducted in IT Department on 27/02/2018. In this Event total 50 students participated from - Amrutvahini Polytechnic IT Dept. , Amrutvahini Polytechnic Computer Technology Dept. PDVVP Polytechnic college Loni, Sangamner Nagarpalika Arts, D.J. Malpani Commerce and B.N. SaradaScience College. Winners of this Event are 1<sup>st</sup> Prize Mehata Bhavik(IF4G), 2<sup>nd</sup> Prize Mehata Ayush(IF4G), 3<sup>rd</sup> shahani kareena (CM2I). This Event was carried out in Network lab & IT Centre (IT Dept).

We are giving a chance to presenting the skill of students.
